

We have the Armor of God—AND the Holy Spirit
to help us with hard things in life!

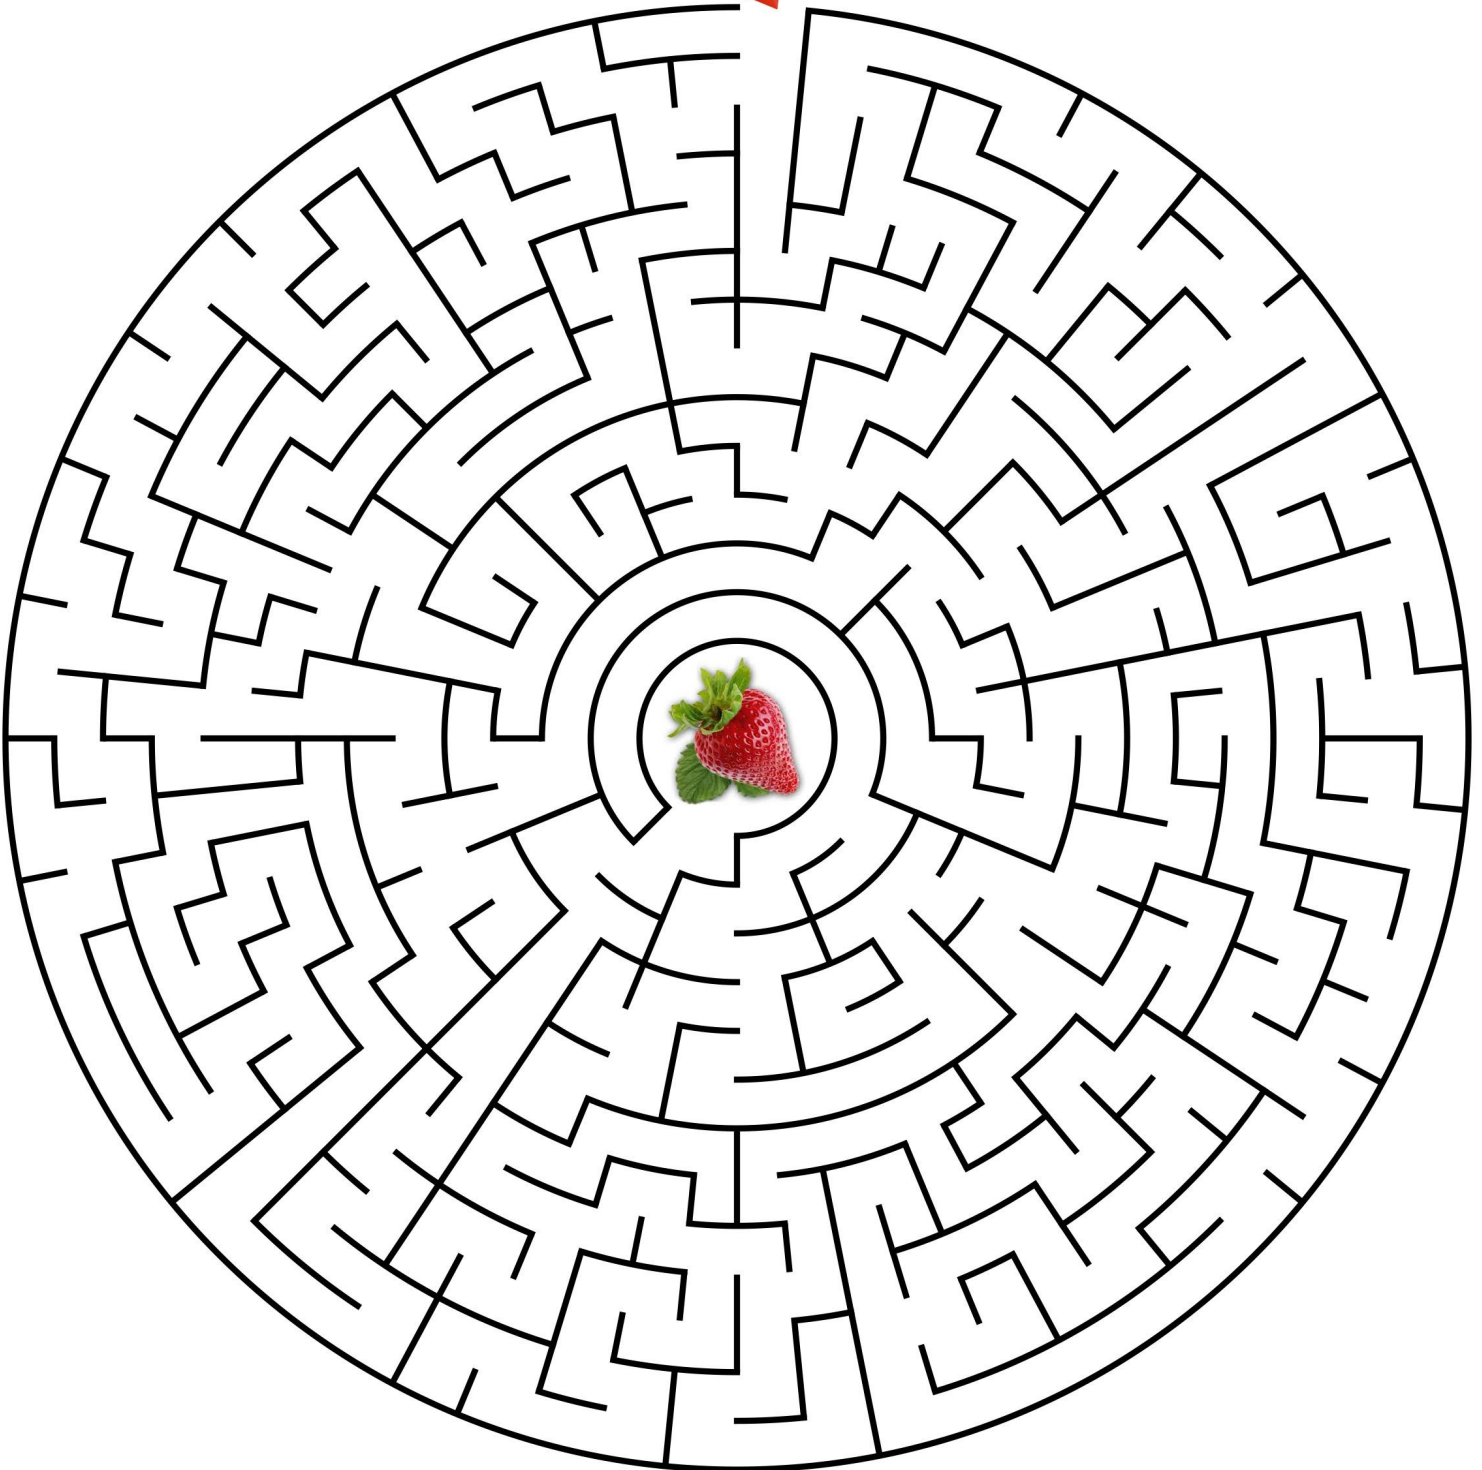

Find the things below that the Holy Spirit does for us
and in us!

The Holy Spirit produces "fruit" in us ...
love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self control!
Just like a strawberry plant is known to be a strawberry plant
because it produces strawberries,
so we're known to be Followers of Jesus if we act like Him!
The Holy Spirit helps us do that!

Start here!

John 14:26

The Holy Ghost:
COMFORTS and GUIDES ME

NOT *by* **MIGHT**

NOR *by* **POWER**

but BY **my Spirit**

Says the
LORD of HOSTS.

One of the pieces of the Armor of God
is the Breastplate of Righteousness!

It guards our heart from believing in hurtful things
or lies the enemy might try to tell us, and it helps us
to have courage and obedience to do whatever God says!

Breastplate of Righteousness Spot the Differences

Compare the picture on the left with the picture on right. Circle the 11 things that are different.

The Holy Spirit is the powerful force inside of us that gives us boldness to tell others about Jesus, courage to do what's right no matter what, helps us to understand the Bible and much more!

We can't see the Holy Spirit,
but we see the effects of Him being in our lives!

Just like the glue in this project can't be seen fully,
we can see the effect of having it in mark our place in a book or Bible!

How to Make a Glue Bookmark

- 1. Find something that will hold a small reservoir of glue,**
like the outside top of a pencil box...or the inside of a watercolor paint box... or a CD case
- 2. Color a design with washable markers.**
The markers will soak into the glue and won't leave any marks behind.
- 3. Fill the reservoir / space with glue.**
The more glue, the sturdier and thicker it will be; the less glue, the more transparent it'll be.
- 4. Add any extras and push them thru the glue**
'til covered... things like buttons, beads, glitter, fun shapes, pasta, yarn, anything!
- 5. Let it dry for 1-3 days.**
As you pull the glue off, watch for wet spots that might need more time to dry.
